Other Ed-Fi ODS Options

Assessments & More

- State-wide ODS –
  Local Dashboard Analytics

- State-wide ODS –
  Local 3rd Party Analytics

- District Level ODS –
  Local Analytics

State-wide ODS – Local Dashboard Analytics

- Store Local Assessments in State-wide ODS

- Analytics developed in WyEd- Fi Dashboard to support local needs

- Who's looking at this -> Goshen #1

  - Desires data and analytics visible along side existing analytics

  - Maintains single login point

  - Access to **all** SIS (Ed-Fi) data, State assessment data & local data for analytics development

State-wide ODS –
Local 3rd Party Analytics

- Store Local Assessments currently in 3rd party product – SchoolNet

- Analytics to be developed in SchoolNet to support local needs

- Who's looking at this -> Fremont #25

  - Desire analytics to use **all** assessment data from existing 3rd party product along with SIS (Ed-Fi) data

  - District has a vendor to develop desired analytics to be run locally

District Level ODS – Local Analytics

- Store Local Assessments in Local DBs – integrate into Local ODS

- Store copy of **all** SIS (Ed-Fi) data locally to support generation of local analytics

- Analytics developed in BI

- Who's looking at this -> Uinta #1

  - Desires data and analytics visible along side existing analytics

  - Analytics **developed locally** to support local needs

  - Provided as SaaS – low $1/student monthly rate w/ discount for populations over 3000 students
