

## Wyoming Project AWARE Student Survey: Middle School

**Instructions:** Thank you for taking part in this survey. The purpose of the survey is to learn how students in our schools feel about their community, peers, and family. We also want to learn about their knowledge of mental health and substance use supports. Your answers give us important information that will help Wyoming communities to become even better!

- The survey is completely voluntary and anonymous, which means your teachers and family will not see your answers. No one will ever see how you filled out your survey.
- This is not a test, so there are no right or wrong answers. We just want to know how you feel.
- Please read each item carefully. Most questions ask for only one answer. You may select more than one answer on the questions that have: "Select all that apply" next to a square box. If you do not find an answer that fits exactly, use the one that comes closest. If you are unsure of what it means, just leave it blank. You can skip any questions that you do not wish to answer.
- If you need help reading a question, you may ask an adult in the room.

This survey should take you about 20 minutes. Thank you for taking this survey!

**To begin, the following questions ask about your experiences at school, with family, and in your community.**

- 1. An adult I know believes that I will be a success.**
  - Not at all true
  - A little true
  - Pretty much true
  - Very much true
- 2. An adult I know listens to me when I have something to say.**
  - Not at all true
  - A little true
  - Pretty much true
  - Very much true
- 3. An adult I know really cares about me.**
  - Not at all true
  - A little true
  - Pretty much true
  - Very much true
