SPECIAL EDUCATION COMPLAINT INVESTIGATION

Complaint Case: C-038-24

Public Agency: Laramie County School District #1

Issues Investigated and Decision:

1. Whether the District provided the Student FAPE pursuant to 34 C.F.R. §§ 300.17 and 300.101. Specifically, whether the District developed an IEP, addressing the Student's unique physical and health related needs that was reasonably calculated to result in educational benefit consistent with 34 C.F.R. §§ 300.320 and 300.324 from February through May.

WDE finds no violation. The District provided FAPE to the Student.

2. Whether the District complied with the IDEA's procedural requirements. Specifically,
 - a. Whether the District convened the Student's IEP team with a general education teacher in May as required by 34 C.F.R. § 300.321.

WDE finds the District in violation. No general education teacher was present at the May meeting.

- b. Whether the District provided a copy of the Student's IEP to the Parent in November as required by 34 C.F.R. § 300.322 (f).

WDE finds the District in violation. The Parent was not provided a copy of the November IEP until January. This occurred after the school began implementing the IEP.

The district is required to correct the identified violations via a corrective action plan. The WDE will monitor and document compliance with the corrective action plan. Once all corrective action is complete, the WDE will close the case.
